

PRODUCT LIST

O'Hagin's, Inc. manufactures attic ventilation products to match real and composite slate, shake, shingle, and tile manufactured by, **but not limited to**, those listed below. Custom vents may also be designed for antique or other unique tile. All O'Hagin's, Inc., attic vents are available with an optional patent-pending **FIRE & ICE™** feature, designed to resist intrusion of flame, embers, wind-driven rain and snow into the attic space. If you don't find the specific tile for which you require a matching attic vent, please call our Customer Service Team at 800/394-3864.
